NEXIVO WEBSITE – FINAL MASTER PLAN (FULLY UPDATED)

Project Overview

Nexivo will be the customer-facing marketplace and digital ecosystem of Deedarian Software Solutions (DSS).

The platform will unify:

- StayLux (Hotels, Apartments, Villas, Serviced Apartments)
- DriveSphere (Car Rental Platform)
- Laundrex (Laundry Services Platform)

through a single customer experience, a single partner ecosystem, and a single DSS Central Platform.

The website must be:

- Modern
- Elegant
- Premium
- Enterprise-grade
- Mobile-first
- SEO-optimized
- GCC-focused at launch
- Europe-ready from Day One

Brand Structure

Customer Facing

Nexivo

Services:

- Accommodation Booking
- Car Rental Booking
- Laundry Services
- Loyalty Program
- Travel Services Ecosystem

Business Facing

Deedarian Software Solutions (DSS)

Products:

- Nexivo StayLux
- Nexivo DriveSphere
- Nexivo Laundrex
- DSS Central Platform

Website Primary Objective

Homepage focus:

70% Customer Booking Marketplace

30% Business & Software Marketing

The first experience must always feel like:

"Book your stay, rent your car, and manage travel services."

NOT:

"Buy our software."
